CLERK, U.S. DISTRICT COURT  
DISTRICT OF MONTANA  
BILLINGS, MONTANA

Jonathan Lee Riches,  
Plaintiff

V.

CASE NO.

Donald Trump,  
Defendant

EMERGENCY PRELIMINARY INJUNCTION  
Temporary Restraining Order  
TRO

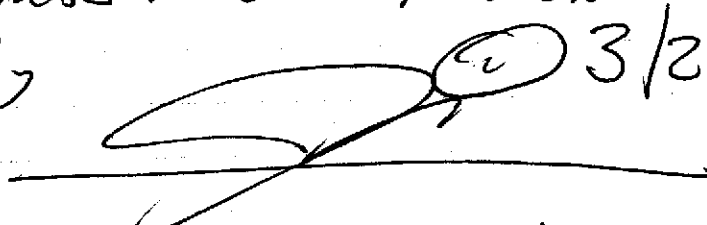

I, Jonathan Lee Riches<sup>©</sup> - pro-se - Face  
Imminent danger & Bodily harm as a U.S. Citizen.  
I support Donald Trump 100%, but I'm scared  
Some evil person will Assassinate him or hurt him  
Badly, so I seek a restraining order Against him  
Running For president of the United States.  
Violent protests are Erupting at his (Trump) Rallies,  
Trump has NO security and someone or a terrorist group  
is going to hurt him which will Destroy our country.  
I love Donald Trump like a Brother/Father - He will  
in Fact make America great Again, but the Risk is  
too high - And if someone hurts Trump in any way  
I will be a emotional mess, our Economy will tank,  
I believe Evil people with nefarious intentions are  
going to shoot Trump, poison him like Victor Yushenko  
From Ukraine or if Trump is in his vehicle sniper  
him like what happened to the late Great JFK.

Riches v. Trump

Please help Trump. I don't think Trump realizes himself the danger he is facing. Look just happened to the Russian Airliner in Egypt from Criminal ISIS people - this will happen to Trumps private Jet if we don't protect him. Trump needs to suspend his campaign and announce to the U.S. people he no longer is running for president and pass the Reins to a more moderate less fiery president like John McCain. Donald Trump is too controversial in peoples Eyes - Not mine - I love him - the thought of Donald Trump making our great nation great again gives me goosebumps and happy anxiety - but I did a cost benefit analysis and its too risky. If Donald Trump gets hurt while in office - the United States will fall in

Anarchy - so this court needs to issue a Restraining order Against Trump Running for president. I am nervous. Donald Trump has already left his mark - this court has a obligation to keep this great man alive and safe. I feel like Paul Revere - Please Your honor - understand what I mean here - All our lives are at risk if something bad happens to this wonderful man Trump. God Bless America Forever

I  Respectfully  
TRUMP  
4 EVER
